

## Adult Day Programs: Medical Model

Adult Day Health Programs Medical Model offer comprehensive health and rehabilitation services including nursing, recreational therapy, speech, occupational, and physical therapy, personal care, nutrition, and social services. Most programs offer podiatry services, lab raffles, and X-rays. Beauty salon and barbershop services are offered in most locations. These programs are authorized and supervised by the State of New York. All individuals must complete an application and have a complete evaluation conducted by the program. Most will accept people from any area if they pay privately. If Medicaid is the payer's source, the approving county must first approve the payment.
